

BROOKFED PLOT HERE ON MOTOR TRIP TO COAST

Hears Here for First Time
That George Ward Will Succeed
Brother as President
of Brooklyn Club.

John H. Gansel, manager of the Rochester, N. Y., club of the International League, for several years and present manager of the Brooklyn club of the Federal League, arrived here yesterday in his automobile. With him were Mrs. Gansel, their daughter, Jane, Miss Bonnie Bruce and Mr. Travis.

Gansel did not know until he reached here that Thomas F. Ward, brother of the late Robert F. Ward, president of the Brooklyn Federals, had been nominated to succeed him. A telegram from George F. was delivered to him here, saying that a letter would reach him at Windsor, Ariz. This was contained in his automobile. Gansel has been with the Brooklyn since last August.

The Brookfed plot revealed last night that he had played here in 1909 in a state fair tournament. He was with the Kansas City Blues in the season of 1909 and came here with several other members of the Kansas City team to represent Albuquerque in the series.

Miss Bruce, who is with the Gansel party, is a stenographer. Gansel is preserving notes on the trip with the intention of later writing a book about the journey for his daughter.

They have been on the road twenty-two days and ran into only a half day of rain. They are all the way to California and Seattle. From Seattle they will go to Honolulu.

**FORMER YALE PLAYERS
WILL COACH ELEVEN;
HINKLEY IS ON BOARD**

New Haven, Conn., Nov. 2.—Capt. Alexander D. Wilson of the Yale football team tonight authorized the following statement relative to the change in the coaching system.

"The football situation up to today has been that the team has lost confidence and hence knowledge of elementary football. This has been due in a large part to the fact that experienced and older men who have played on former championship Yale teams have not been assisting in the coaching. They have been called back both by Coach Hinkley and myself. They will take charge of the team. In effect the change is a return to the old Yale method of a pair of coaches taking the responsibility of the team instead of one single coach. Mr. Hinkley will be one of this board.

Several important shifts were made in the lineup. Tonight 2,500 students flooded by a band paraded through the campus and surrounded the team and coaches. The team was having night signal drill in the baseball cage and the demonstration grew to such proportions that Sheriff, Hinkley and Wilson assisting in the coaching, responded to calls for speeches. Hinkley received an ovation that lasted ten minutes.

**TORRES MAY FIGHT A
RETURN MATCH WITH
BARRIEAU AT BOISE**

A letter from Jack Torres brought the first news of his fight with Frank Barrieau at Wallace, Idaho. This would be a draw. They fought ten rounds and apparently they pleased the fans as Torres has received an offer to meet Barrieau again at Boise, November 14.

Negotiations are under way for a match between Torres and Johnny Griffin at Denver to take place the latter part of this month. Following this battle Torres will return home and he says he would like to meet a good man here. Thanksgiving to show the home folks what he has learned since his last appearance locally.

Torres believes Benito Cordova would make good in Denver. He says there are many lightweight there that the Barrieau boy ought to beat.

TAKING HARKNESS RACE RESTA SETS NEW SPEED MARK

Italian Driver's Time for 100
Miles on Sheephead Bay
Track Is 56:55.71, Giving
Average of 105.39 Miles.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
New York, Nov. 2.—Dario Resta won the 100-mile automobile race on the Sheephead Bay track today and set a new speed mark of 105.39 miles an hour.

The Brookland, England, world's record for 100 miles in 56:29.83, which is 25.74 seconds faster than Resta's time today. Resta also beat the Chicago record of 57:54, which he made himself.

Bob Burman finished second in 58:22.58, and Edward Hickenbach was third in 59:06.59.

His race started hot. John Resta was forced out of the race after leading for the first ten miles, by a broken connecting rod. Ralph de Palma's car met with a similar mishap after going forty miles.

Ralph Mulford, the other driver, might have been second if not the accident, but he was not even permitted to go to the pit five times during the race because of flat tires.

**ATLANTA CLUB TO BE
SOLD; TRYING TO GET
C. FRANK AS MANAGER**

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Atlanta, Ga., Nov. 2.—Frank H. Reynolds, a local insurance man, stated today that an agreement had been reached by himself and several associates here for the purchase from the Georgia Railway and Power company of the Atlanta baseball club of the Southern association. Efforts were being made, he said, to get Charlie Frank, former manager of the New Orleans club, to manage the team next season. This purchase price agreed upon was said to be about \$25,000.

**PETER SCOTT, DRIVEN
BY TOMMY MURPHY, IS
WINNER IN 2:10 TROT**

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
San Francisco, Nov. 2.—Peter Scott, driven by his owner, Tommy Murphy, took first money, \$10,000, in the 2:10 trot, the principal event today in the second day of the Panama-Pacific exposition fall harness meet.

The winner won his heats, three in a row, and in the third heat covered the mile in 2:07 1/4, an exposition record.

Allie Lee won the trot for three-year-olds (conditional stakes) with two first and a second and Hal Boy took the 2:12 pace in straight heats.

**AVIATION SCHOOL
SCANDAL Aired
BY TRIAL COURT**

Lieutenant Col. Goodier's Conduct Declared, in Complaint, as Subversive of Discipline; Testimony Tends to Prove It

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
San Francisco, Nov. 2.—Under the terms of army life and the antipathies of army officers splashed over their usual confines today at what is officially the court martial of Lieut. Col. Lewis E. Goodier, judge advocate of the western division of the army. Proceedings thus far have been taken by persons familiar with army affairs to indicate that the main purpose, insofar as the defense is concerned, is to bring into the open the conditions existing at the army aviation school near San Diego, under the management of Capt. Arthur S. Cowan and testimony given today by Lieut. Col. Samuel Reber, chief of the aviation section of the army, seemed to point that way.

Goodier, according to Reber, told a subordinate referring to Captain Cowan that he "was going to get that fellow out of the air." The witness was asked to explain why he was in many letters to Captain Cowan, and he did. Asked to explain he referred when he wrote Cowan about "scandal" he intended to "get" Reber said he meant the scandal of some junior officers who preferred charges against Captain Cowan.

Those charges were not tried and Lieutenant Colonel Goodier now is on trial for conduct subversive to the discipline in that he improperly advised the defendants to make charges against their superior. Seven defendants have been killed at the school since April, 1913, and Lieut. Lewis Goodier, son of the defendant, was hurt there some time ago and since then has been assisted to the Fort Logan general hospital in San Francisco for treatment.

The court martial adjourned today to meet tomorrow when cross-examination of Colonel Reber will be taken up probably requiring most of the day.

WENT TO THE HOSPITAL.
C. E. Blackburn, postmaster at Blanchard, Cal., writes: "I had kidney trouble so bad I had to go to the hospital. Foley Kidney Pills were recommended to me and they completely cured me. I cannot speak too highly of them." Sufferers in every state have had similar benefit from this standard remedy for kidney and bladder ailments. It banishes backache, stiff joints, swollen muscles and all the various symptoms of weakened or diseased kidneys. Sold everywhere.

FAYWOOD HOT SPRINGS

COMPANY G HAS BALL; SUPPORT IS MIGHTY WEAK

Guardsmen Do Their Best to
Help Out in Fixing Up the
Armory, but People Yawn
and Pass It Up.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Albuquerque, Nov. 2.—The New Mexico national guard gave a ball at the armory last night, the purpose of which was to raise funds to help put the armory in condition for the meetings of the New Mexico Educational association which are to take place in that building the latter part of this month.

The ball had been well advertised. Both Albuquerque newspapers had carried notices of it, and placards announcing the event had been conspicuously displayed in the windows of merchants of the city.

Company G is composed of some of the finest young men of Albuquerque—the sort of boys that we all hope to depend on if we ever get into a war. They belong to good families and have a rating of A-1 when it comes to doing up the work of a man.

Ghostly Tangle.
And yet, with all this, the ball given last night was a ghostly tangle. The money taken in was not enough to pay the orchestra that furnished the music. Company G is trying to do a public service in the hope of making the effort.

Everybody was for the teachers' convention, of course, and everybody applauded the public spirit of the Guardsmen. It was when it came to showing their faith by their works, everybody yawned and passed it up.

The guardsmen were disappointed, but not dejected. "We had hoped to fix the armory up out of the proceeds of this ball," said Capt. J. H. Toolson, last night, "so as to save the merchants of the city a further drain upon their pocketbooks. I'm sorry it didn't work out that way, and that the drum was on the pockets of the members of Company G. However, we stand ready in spite of tonight's failure, to do everything we can for the success of anything that works for the good of Albuquerque."

**Fight Your Battle Against
Increased Living Costs
With Baking Powder**

Baking Powder affects many times its weight and worth in flour, sugar and other baking ingredients.

War has seriously affected the price of these staple food products.

No greater care than ever should be exercised in the selection of Baking Powder, if you desire to get the maximum other than baking materials.

Only Baking Powder of proven efficiency should be employed. Cheap Baking Powder should be by all means avoided. For these cheap powders are seldom reliable, seldom uniform in strength, never sure of results. A spoonful often causes a baked-day failure which ruins a batch of costly flour, sugar, butter and eggs.

Just one failure frequently costs many times the price of such powders. So buy the best, the powder that is saved other than baking materials.

Only Baking Powder of proven efficiency should be employed. Cheap Baking Powder should be by all means avoided. For these cheap powders are seldom reliable, seldom uniform in strength, never sure of results. A spoonful often causes a baked-day failure which ruins a batch of costly flour, sugar, butter and eggs.

Calumet is the one Baking Powder that can be absolutely relied upon at all times, for all bakings that require Baking Powder. It possesses perfect leavening power, that remains perfect until the last spoonful is used. Its strength never varies. There is no experimenting—no waste of powders or baking material—for bakings always come from the oven properly raised and deliciously good.

The leavening properties and keeping qualities of Calumet are far superior to those of any other Baking Powder, at any price. It is a safe, sure powder and a valuable and in eliminating the most important waste of high priced baking ingredients, for it eliminates baked-day failures. Certainty of results makes it far more economical than inferior products and at lower prices.

Calumet costs less than most brands, yet it is worth more. One trial will convince you. Calumet received highest awards World's Pure Food Exposition, Chicago, and Paris Exposition, France, March, 1915.

More economical than other cheap, bulky Baking Powders or high-priced "Trust" brands. Surer and purer.

The European war will not reduce the quality or raise the price of Calumet. It is the same good baking powder at the same price as the same good baking powder. It is offered under the same liberal guarantee—money back without question if not satisfied after a baking baked-day trial.

In buying a one-pound can to the Calumet Baking Powder Co. Advertising Department, Chicago, Ill., and you will receive one of their handsome 32-page Cook Books, illustrating in color and in line, how to get a gain in economy in the kitchen.

**WILLARD WILL MEET
CONTENDER IN MARCH
DURING MARDI GRAS**

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
New Orleans, Nov. 2.—Willard, champion heavyweight pugilist of the world in Havana, will defend his title in a twenty-round bout in New Orleans early next March.

Articles of the fight were signed tonight. The championship bout will be staged here either on Saturday, March 3, or Monday, March 5, during the first week of the Mardi Gras festival, the promoters announced.

The agreement guaranteeing Willard a \$12,000 win, loss or draw, Willard, who has been here since last Saturday when the negotiations began, leaves tomorrow for Los Angeles to spend a month with his family.

CURED BOY OF CROUP.
Nothing frightens a mother more than the loud, hoarse cough of croup. The labored breathing, strangling, choking and gasping for breath call for instant action. Mrs. T. Neureuter, Eau Claire, Wis., says: "Foley's Honey and Tar cured my boy of a serious attack of croup after other remedies had failed. I recommend it to every one as we know from our own experience that it is a wonderful remedy for coughs, colds, croup and whooping cough." It clears air passages, soothes and heals. Sold everywhere.

BOARDS ASKED TO SEND TEACHERS TO CONVENTION

State Superintendent of Public
Instruction Issues Appeal
for Free Transportation for
Educators.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Santa Fe, Nov. 2.—The superintendent of public instruction today issued a vigorous appeal to boards of education, boards of regents and all educational authorities to send their instructors and teachers to the educational association meeting at Albuquerque during Thanksgiving week. The circular says:

"The New Mexico Educational association will hold its thirtieth annual meeting at Albuquerque, Monday, Tuesday and Wednesday, November 22, 23 and 24, 1915. I am again writing to urge that provision be made so as to make it possible for the teachers under your jurisdiction to attend this important gathering. If possible, the board should be represented by some member. It is our effort to secure the attendance of all who are in any way interested in education—teachers in all schools, school officers, and parents.

"As an evidence of the importance of this association, it may be well to state that over 1,000 teachers and others attended the twenty-ninth session at Albuquerque, last year. The paid membership number 1,659. We are anticipating an attendance of about 2,000 this year in view of the fact that the railroads have granted a rate of one fare for the round trip. In view of the benefits of the meeting to teachers, school officers and parents, the state board at its meeting last August instructed the state superintendent of public instruction to address circular letters to Spanish and English in boards of county commissioners, boards of education, boards of school directors, boards of regents, and teachers relative to the New Mexico Educational association."

It is in pursuance of this resolution that I am writing to urge that you permit teachers to attend the coming meeting of the association without deducting anything from the salary of teachers for such attendance. Whenever the business of the district permit, the expense of the teacher should be paid wholly or in part from such funds. I recommend the payment of at least the railroad fare. It is a legitimate and proper expenditure—really, an investment—any teacher will thus be able to gain inspiration and practical suggestions for their work in your schools. It is largely due to the fact that so many teachers and school officers have met in these annual gatherings, that New Mexico is making such rapid educational progress in every part of the state. Let us get together for a still stronger campaign for better schools.

Meeting of Council.
The Albuquerque council will be in session all day Saturday, November 26. At its meetings the most important questions of a general nature will be discussed. Sunday, November 27, will be Educational Sunday. On this date throughout New Mexico, the churches will consider especially the topic, "The Elimination of Illiteracy in New Mexico." This topic has been discussed in addresses by Hon. Felix Martinez and myself in bulletin No. 3, a copy of which has no doubt reached you by this time. I am sure that you will be able to advise me and another copy will be sent you. In that publication you will find also an outline of the general program. A reading of that program will show such names as Mrs. Cora Wilson Stewart, President, Ky. Dr. Michael Vincent O'Shea, Madison, Wis.; Dr. Philip Van Ness Myers, Cincinnati, O.; Prof. C. H. Benson, Washington, D. C.; Hon. J. J. Lentz, Columbus, O.; and Hon. Felix Martinez, Las Vegas, N. M. It is safe to say that never before in New Mexico has there been offered such an excellent program by the most able speakers in the United States.

"The programs of the various sections have been carefully prepared with a view to making them interesting as well as profitable. At least two half days will be devoted to meetings of these sections, of which the association is composed. Educational council, county superintendent, city superintendent, high school and college, elementary schools, school boards, school patrons, Indian schools, school peace league, institute workers, library, commercial teachers, instructors in industrial branches, mathematics and science, inspectors and drawing and music supervisors. The exhibit of school work will be on a larger scale than heretofore and it is hoped that the majority of the schools of the state will have some part in this exhibit on Wednesday evening, November 24, the annual state historical contest will take place. Numerous musical organizations, glee clubs and orchestras will furnish music for the programs, and there will be numbers also by some of the best known singers of the state. Your school should be represented in the school exhibit and in the state contests in penmanship, spelling, language and arithmetic."

"As the Thanksgiving holidays come in the same week, it may be well to dismiss school for the whole week, if your teachers attend the association meeting. It is for this reason that these dates have been selected. Experience goes to show that less time will be lost if a whole week be taken at once than if three days should be taken out of another week before or after the Thanksgiving holiday. Any local celebration of Thanksgiving day may be held on the Friday of the week preceding."

"While I shall look for your teachers at the meeting, I shall look forward with pleasure also, to meeting many members of school boards, as there are several questions which will be considered in the school boards section and which will be of interest."

STAR
CHEWING TOBACCO
LEADING BRAND OF THE WORLD

"Here, Old Man, Try
STAR for That
Grouch of Yours."

WANT more "pep" to carry you through the job? STAR steadies your nerves and renews your energy.

The thick STAR plug does not dry up like any thin plug. You can tell by its taste that rich, ripe STAR has the most flavor. The revenue stamp on the dealer's box proves it a full 16 oz. pound plug.

**Men Who Chew
Are Men Who DO**

Every STAR chew gives you satisfaction and a healthful enjoyment that will help you in your work. That's why 125,000,000 ten-cent STAR cuts are sold yearly. You really can't judge chewing tobacco till you have given the world's leading brand a fair trial.

16 oz Plugs 10c Cuts

Liggett & Myers Tobacco Co.

STAR was awarded the Grand Prize at the San Francisco Exposition, and is the only chewing tobacco that has ever received this highest possible award.
